1 p.m. - "Decoration Day" 1912
My dear - They have just took me out
doors & I am sitting in chair. Has not
yet yesterday & did not sit up. Was not
fully equal to it. Have been "on de beam"
again - Stomach on a strike - Stopped eating
for 24 hrs. Then began on light diet & hope
I may come out o.k. Dr said last eve I was
doing all right but there are days when I feel
very much discouraged.
All our hopes were not realized - Mother
Kelly was taken from us Monday morning at 9
o'clock. Two brothers in five days have a
feeling of loneliness in Mr Shum's life. He
did not see them very often but knew he could
in an hour's time. Funeral will be to morrow
(Friday) p.m. Ida will come out & stay a few
days here. I feel so sorry for her. They were
devoted to each other.
Mary is five weeks old & weighs 14 1/2 lbs.
This a.m. She is so good & we can almost
see her grow. Margaret too. Fred & his papa
are hauling alfalfa. That was cut last week.
Mrs Holloway was down mon. to see me &
Mrs Aldrich is coming to morrow to spend
the day. I hope very much to be able to dis-
charge this & the next week & surely hope to
do so next week. What you think? How the
Mocking birds are singing over my head.
Will I am tired enough to lie down. Won't
that sound good? Oh, my! Hug all the dear
babies for me. With love - Rickett "Go".
